Donor 3572
Interview Notes

Donor 3572 is a mature, polite, kind man who has 3 children of his own. He is very close with his family, and gets to spend a lot of time with his kids because he is able to work from home. He spoke very fondly about all of his children and mentioned camping with his son, who is a Boy Scout and likes the outdoors. The donor himself was an Eagle Scout. The donor and his family moved out here from the Midwest because they had always wanted to live on the West Coast and were ready for warmer weather.

Donor 3572 is a history buff who enjoys reading about American History in particular. He feels that reading about history reveals that despite all of the differences in the hardships that people faced in the past, people are all pretty much the same. He recently read a lot about the history of the railroad, and enjoyed driving across the country and tracing its path along the way.

This donor has an open, earnest face with gentle caring eyes and an attractive smile. He is solidly built and has an easygoing, good-natured manner.
