DONOR NARRATIVE: Donor 3971

Describe your personality (introvert, extrovert, funny, serious, goal-oriented, curious, etc.). **I have been told so many times that I am an old soul. I am well-balanced, observant, dynamic, and motivated. I have many goals. I am a motivated person. I am quite social and can relate to many ages. I have always been mature and have a great understanding of the world. I have a very positive outlook. I always try to have fun while still being productive. I am confident with a lot of self-esteem. I have a magnetic personality.**

What are your special interests and talents? **I am extremely interested in fashion and design. I design and sew clothing and accessories. I also crochet hats. I make a lot of things using paper such as cards, calendars, etc. I also enjoy making things such as lamps. I am quite interested in urbanism as well. I have a B.A. in Geography with a focus on urban/human studies. I have always had a great interest in why the world is the way it is, and studying geography has given me an understanding of how and why the world is how it is. I also was the art director of a film and plan to collaborate on more films in the future.**

How would you describe your enjoyment of and skills in the following areas:

math: **I find mathematics fascinating. I have moderate skills. I did not pursue mathematics after my completion of Algebra 2 in 10th grade.**

mechanical: **I love to watch machinery work and figure out the logic behind it. I have not developed much mechanical skill however.**

athletic: **I have always been active. I never enjoyed organized sports. I am quite an individual. I spent my outdoor time biking, roller blading, playing basketball and tennis, and running.**

musical, artistic, creative: **I can play the piano. I am very creative and artistic. I have tons of creative energy that must be expressed.**

language (what languages do you speak?): **French. 3 yrs. in high school 2 yrs. in college**

What are your goals and ambitions in life? **I have many goals and ambitions from the fantastical to the very realistic. I would love to someday be in a position that allowed me to make changes. With global warming, dwindling resources, and a rising population it is much more necessary to live our lives in a respectful, healthy way. Through urban planning I hope to facilitate this. I also have a goal of continuing to express myself through sewing and design. Quality, useful, healthy, and respectful art is necessary to give vivaciousness and fun to life.**

Why do you want to be a sperm donor? **Everyone deserves to have children, to impart their values, beliefs, and knowledge to a younger generation. It was really important to me that this sperm bank catered to all including lesbian couples and single mothers by choice. It feels good to know that I am helping a family grow.**

Did you choose to be an identity-release donor? **Yes** Why did you make this choice? **It is very important that doors remain open. Knowledge and information should be available to those who seek it.**

What message would you like us to pass on to the people who are getting your sperm? **I wish for you a lifetime of happiness with much laughter.**
