Chem panel: **Normal**

Tay Sachs: **N/A**

Syphilis: **Nonreactive**

HTLV 1 & 2: **Negative**

CBC: **Normal**

Sickle cell anemia/thalassemia: **Negative**

DONOR NARRATIVE: Donor # 4057

Describe your personality (introvert, extrovert, funny, serious, goal-oriented, curious, etc.).

People mostly describe me as a genuine and laid back person. I'm mainly extroverted, but can definitely be an introvert at times. I'm usually able to get some laughs, I'd say I have a decent sense of humor. I can get pretty competitive, so during competition is when I'll occasionally show my serious side. Overall I'm a very content and happy person. People would also probably categorize me as a bright person, more street smart than book smart. I'm close with my immediate and extended family.

What are your special interests and talents?

I like to keep active. I play a fair amount of sports, mainly ultimate Frisbee. I can find my way around a computer alright. Constantly listening to music. I'm a supporter of the environment and animals. I'm a pretty solid vegetarian, and will continue to be one. I used to make movies through high school and early college. I enjoy drawing, playing cards, and being with friends. I am also a certified first respondent, hopefully EMT certified soon.

How would you describe your enjoyment of and skills in the following areas:

math: **This was possibly my most competent subject through high school.**

mechanical: **I can get by fine, but no specific jobs or training.**

athletic: **I really enjoy sports and athletics, I've been playing them for most of my life.**

musical, artistic, creative: **I love music, but not too much of a musician. I dabble with the guitar. I very much enjoy the arts, big movie fan.**

language (what languages do you speak?): **Very little Spanish and sign language.**

What are your goals and ambitions in life?

I will continue to play ultimate [Frisbee]. It is my favorite past-time. I'll continue to work, and start looking into professional careers, but for now I'd like to travel some more. I'm in the process of becoming EMT certified so I may find an occupation in that field, but we'll see.

Why do you want to be a sperm donor?

I've heard it's a good part time job, specifically that this bank was nice. I thought I'd try it out and get some extra money.

Did you choose to be an identity-release donor? **X** yes Why did you make this choice?

I thought I'd give the kid a choice to look me up just in case it's really important to them.

What message would you like us to pass on to the people who are getting your sperm?

I wish you the best, good luck.
