DONOR NARRATIVE: Donor # 4139

Describe your personality (introvert, extrovert, funny, serious, goal-oriented, curious, etc.).

People would describe me as fun-loving and social. I won best personality in high school. I have an innate ability to be-friend and connect with all types of people. I consider myself to be funny, outgoing, goal-oriented and very inquisitive.

What are your special interests and talents?

I enjoy all sports, especially hockey and snowboarding. I have played hockey for 18 years and snowboarding for 14. I am very athletic and have the ability to learn sports quickly. I also love music, I play piano and am always listening to different types. Some talents that I possess, which I find very important are loyalty and being a good listener. I am always there for my friends when they need me and for that, I am proud.

How would you describe your enjoyment of and skills in the following areas:

math: **Math is my strongest subject in school. I'd much rather play with numbers than nouns or verbs.**

mechanical: **I enjoy building things, however, I am not a "car" person.**

athletic: **I am naturally athletic and have the ability to learn sports quickly, I have played numerous sports since I was little.**

musical, artistic, creative: **I have always considered myself a left-brained person, I love listening to music, enjoy drawing, and have always had a creative imagination.**

language (besides English, what languages do you speak?): **None**

What are your goals and ambitions in life?

I desire to work in the business world, and although I am not sure exactly what field I know I would like to "own" things. I play on receiving a MBA and furthering my education.

Why do you want to be a sperm donor?

Honestly, I am a college student and need the money. However, if my work can give people something they can't have, then that is an additional plus.

Did you choose to be an identity-release donor? Yes ___ No **XX**

Why did you make this choice?

I believe that the people who raise and guide children are their parents. I simply provided them with the tools so that they could have the opportunity.

What message would you like us to pass on to the people who are getting your sperm?

I hope this child brings much joy to your life. I hope you raise them with all the caring and understanding that I was raised with. Teach them compassion, morals and how to be a good citizen. Most of all teach them to have fun.
