## **DONOR NARRATIVE: Donor # 4650**

(The content of this narrative has not been altered by TSBC staff and there for reflects original written work of the Donor)

Describe your personality: introvert, extrovert, funny, serious, goal-oriented, curious, shy, etc.

**Extrovert usually reserved (some say serious) but funny when the situation is appropriate. I am very goal-oriented. If I set a goal and deadline for myself, I will pursue that goal through completion. I like trying new things, and also like to try adventurous activities. Most people find me very approachable and down-to-earth.**

What are your interests and talents?

**I am an outdoorsman. I fish hunt, hike, camp and backpack. I enjoy writing and reading in my spare time. I am a talented runner (no records or marathons but I will run) shooter, writer, cook and mediation.**

What are some of your goals and ambitions in life? Where do you see yourself in 5 or 10 years?

**I will be in the military in five years. I want to serve my country through military service, and after getting gout of the service, I want to pursue a Master's in Public Administration or Business Administration. I hope to work for the State Department or a large corporation eventually.**

How would you describe your skills and interests in the following areas?

Math:

**I was good at math in high school. I had a 800 on the SAT 1 Math and SAT 2 Math Level 2. But I don't enjoy math other than as it relates to practical life (i.e. financial calculations, miles remaining).**

Mechanical:

**Good. Not certified but can confidently operate single and dual propeller fixed wing aircraft.**

Athletic:

**Yes. Played football in high school (championship team) and am currently maintaining fitness. I do not lift weights; I simply try to make sure I have no problem handling my body weight through running, push ups, sit ups, body weight squats, etc.**

Musical, Artistic, Creative:

**I enjoy music I was a radio DJ for sometime. I listen to music when I sleep or relaxing in between work.**

Language (what languages besides English do you speak?):

**Korean, German, Learning Arabic**

Writing:

**I write pretty well. I often write short stories in my down time and many teachers have called me a strong or talented writer in the past. 800 on SAT.**

Literature:

**I enjoy light reads such as thrillers and historical fiction and also enjoy heavier reading with sociopolitical commentary such as those by Ayn Rand and Don Juayle.**

Science:

**I have no difficulty comprehending scientific concepts, but I do not enjoy science other than as it relates to practicality (i.e. aerodynamics in flight, utilizing levers to manipulate heavy weights)**

If you were stranded on a deserted island and could only have one book, one movie and one album, what would they be?

Movie: *Heartbreak Ridge*

Book: Anthem Ayn Rand

Album: *Shock 'n Y'all* Toby Keith

What are some of your reasons for becoming a sperm donor?

**In addition to the help I may provide a recipient, I'm interested in TSBC's storage offer for donors. The compensation doesn't hurt either.**

Did you choose to be an Identity-Release® Program donor?  Yes  No

Why did you make this choice?

**I wish to remain anonymous at this point, as I still wish to maintain some anonymity within this program. I understand that I have the option of later releasing my identity, and if I am contacted with the information that a person wants to meet me, I would strongly consider releasing my identity on a case by case basis.**

Would you like more information on our Identity-Release® Program?  Yes  No

Is there anything else you would like to share with participating families and offspring?

**I'm a fun loving person. I take my work seriously, and I like to see tasks through completion, but once I'm done, I enjoy taking a step back, seeing what I've accomplished and relaxing and spending time with family and friends. I enjoy being around people, and am easy going. I'm a natural mediator, and people often count on me to defuse tense situations with some light humor or serious talk, whichever will get the job done better.**
