DONOR NARRATIVE: Donor 2839

Describe your personality (introvert, extrovert, funny, serious, goal-oriented, curious, etc.).

Intelligent, logical. I socialize and make friends easily. I'm not concerned with blending in and being normal or trendy.

What are your special interests and talents?

I like camping with friends and or family during cool weather. I like exploring new places. I like to daydream. I like talking to people. I like learning new things. I like watching thunder storms. I like travelling in cars. I like working on electronics and mechanical things. I like gardening.

How would you describe your enjoyment of and skills in the following areas:

math: **I have good math skills and I was a math tutor in high school and I'm currently a math tutor in college.**

mechanical: **I do most of my own car repair and maintenance. I would do all if I had more tools. I can work on IBM compatible computers. I have worked on various parts of houses including plumbing and electrical work. I'm learning to repair bicycles. I have worked on older TV, VCR and stereos.**

athletic: **I'm skilled at riding both street and mountain bikes. I used to play volleyball and soccer. I've trained in fencing and archery.**

musical, artistic, creative: **I draw a lot but only share what I've drawn with my friends. I like to play on hand drums. I played the trumpet in high school.**

language (what languages do you speak?): **I speak and write English and I'm learning to speak and write Spanish.**

What are your goals and ambitions in life?

I'm going to get a Bachelor's Degree in Recreation and Leisure Studies. I'm hoping to get a job at a state or national park or maybe a ski resort. I want to get a place to live with trees and a creek or river running through the property.

Why do you want to be a sperm donor?

I wish to be a sperm donor because I like the idea of spreading my genetic material and because I want to help other people have children.

Did you choose to be an identity-releasesm donor? yes ___ no. Why did you make this choice?

Because if my mother had gotten pregnant using donated sperm I would want to know who my biological father was.

What message would you like us to pass on to the people who are getting your sperm?

[the donor chose not to answer this question]
