Donor # 4027
Interview Notes

Donor 4027 is a genuinely nice man, whose calm demeanor belies his many accomplishments and passionate nature. He comes across as mature and responsible. He is committed to his wife of two years and close to his sister.

His family is both musical and athletic. The donor's younger sister plays the drums and his mother and maternal grandfather are both singers. Donor 4027 has done weightlifting and cardiovascular exercise everyday since he was a teenager and his sister is both a softball and volleyball player.

Donor 4027 has a wide spectrum of interests, in addition to his commitment of athletics he is a self-employed artist. He has worked as an artist for seven years, focusing on wildlife-centered painting. He paints a plethora of subjects, his favorite being birds.

He is attractive in a boy-next-door sense, not initially striking, but solidly good looking. He has a charming smile, clear skin and chocolate brown eyes. Donor 4027 is very easy to be around. His down-to-earth nature made me immediately comfortable. He listens well and is present and engaged in all of his interactions. Donor 4027 is solid, grounded, and mellow- a great guy.
