**DONOR NARRATIVE: Donor # 4411**

Describe your personality (introvert, extrovert, funny, serious, goal-oriented, curious, etc.). How would someone describe you?

**They would say I am very sociable, funny, outgoing, and ambitious. I am also at times a perfectionist when it comes to doing something I am skilled at doing. I am motivated in sports and academics and always strive to overachieve. As a child I sometimes had a little too much energy**

What are your special interests and talents?

**Have always been talented and interested in math, science and history. I also excelled at various sports. In school I was always years ahead of my peers when it came to math.**

How would you describe your enjoyment of and skills in the following areas:

math: **Always came extremely easy to me and I enjoyed getting ahead and challenging myself.**

mechanical: **I have always enjoyed constructing things and working with my hands.**

athletic: **I pick up new sports quickly and improve quickly. Always had good hand-eye coordination and a naturally athletic body type.**

musical, artistic, creative: **I love to dance but never had the time or patience to learn an instrument.**

language (what languages besides English do you speak?): **Spanish**

What are your goals and ambitions in life?

**Ultimately I want to own my own business. I want to become a skilled businessman who can succeed in multiple capacities. Having the time and money to do extensive traveling so as to satisfy my curiosity of other cultures and countries.**

Why do you want to be a sperm donor?

**I was blessed with good genes and I want them to help other people achieve their goals of having healthy offspring.**

Did you choose to be an Identity-Release® Program donor? Yes  No \_\_\_\_\_

Why did you make this choice?

**I am very comfortable with the idea of families using my genetic material for the purpose of child bearing. Simply put, if I was conceived using donated sperm it would be nice to know that I could contact or look up my biological father if and when I was interested.**

What message would you like us to pass on to the people who are getting your sperm?

**Growing up they may tend to be energetic so keep them busy with sports. The discipline you learn through competition will carry over into academics.**
