Urinalysis: Normal	Chem panel: Normal	CBC: Normal
Cystic Fibrosis: Negative	Tay Sachs: N/A	Sickle Cell Anemia/Thalassemia: Negative
Full Jewish Panel: N/A		

DONOR NARRATIVE: # 4608

(The content of this narrative has not been altered by TSBC staff and there for reflects original written work of the Donor)

Describe your personality: introvert, extrovert, funny, serious, goal-oriented, curious, shy, etc.

I am initially quiet and slow to open up to people. However, when I do open up I am a funny, humor loving and lively guy. I love to talk and converse on an intellectual level. Friends that know my talkative [and blunt] nature are sometimes taken aback by my honesty.

What are your interests and talents?

I love boxing and am skilled in the ring. I also love college and learning. It is invigorating to learn new things. Also, when I am teaching it is amazing to see one of your students get something that you've been trying to teach them.

What are some of your goals and ambitions in life? Where do you see yourself in 5 or 10 years?

After I complete my undergrad degree I plan on attending Grad School to obtain my M.F.T. certification. I would like to be a therapist.

How would you describe your skills and interests in the following areas?

Math:

I have always had a good ability in math. However, I lost interest after high school.

Mechanical:

I am very mechanically inclined and love tinkering.

Athletic:

I love to compete and to improve my abilities when I train. I always want to be able to be the best at what I am doing.

Musical, Artistic, Creative:

I appreciate art but I am not an artist.

Language (what languages besides English do you speak?):

I am bi-lingual. I speak Spanish as well as English

Writing:

I enjoy writing both critically & creatively. I am pretty good with my use of the English language and enjoy writing poetry as well.

Literature:

I read mostly psychological and philosophical works. My favorite book is *The Prophet* By Kahlil Gibran

Science:

I am very interested in biology and have toyed with the idea of becoming psychiatrist.

If you were stranded on a deserted island and could only have one book, one movie and one album, what would they be?

Movie: **The Shawshank Redemption**

Book: *What Do We Say After We Say Hello?* Eric Berne

Album: **The Payback, James Brown**

What are some of your reasons for becoming a sperm donor?

I would like to enable people the opportunity to experience parenthood, people who otherwise would not have had the chance at having children.

Did you choose to be an Identity-Release® Program donor? Yes No

Why did you make this choice?

It sounds like an amazing experience.

Would you like more information on our Identity-Release® Program? Yes No

Donor did not reply

Is there anything else you would like to share with participating families and offspring?
